

JURUPA ROAD

GRADE SEPARATION

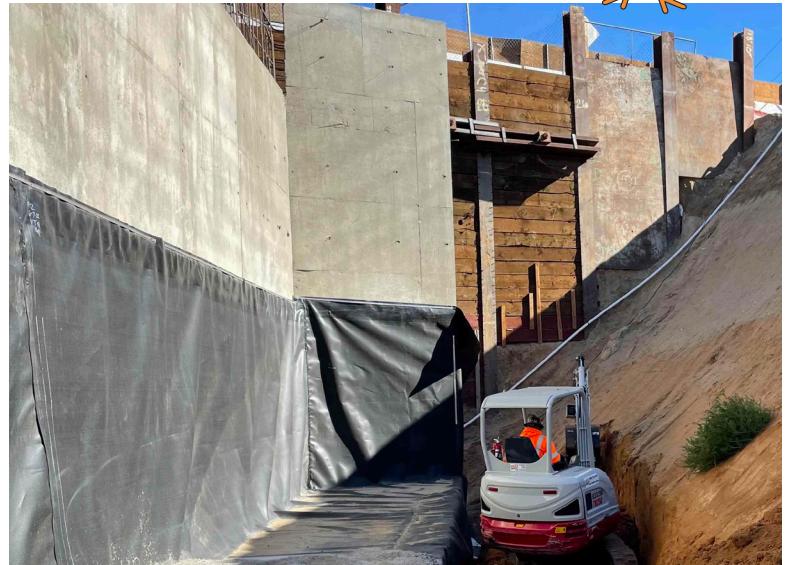

CONSTRUCTION UPDATE: November 21 through December 2, 2022

Happy Thanksgiving week! Crews continue to work on underpass and bridge construction.

PROGRESS UPDATE

- **UNDERSPASS and BRIDGE SUPPORT SYSTEMS**
Crews continue building forms and placing concrete on the Jurupa Road underpass retaining wall support system and the Van Buren Boulevard bridge support system.
- **STORM WATER PUMP STATION**
Contractors continue installing ladders and scaffolding, and working on interior improvements for the wet well and valve vault structures. Next, construction will begin on an electrical building structure and perimeter fence in December.
- **UTILITY WORK**
Potholing work continues behind Felspar Street business plazas; **BUSINESS ACCESS REMAINS OPEN.**
- **UPCOMING WORK**
Survey crews will be working near Jurupa and Pedley roads, and at the intersection of Rutile Street and Van Buren Boulevard. Work is scheduled to begin early next year to improve safety and traffic circulation at these intersections.

Looking east at progress on the Van Buren Boulevard bridge support system and the Jurupa Road retaining wall.

Crews working on the interior of the wet well and valve vault structures, which are part of the storm water pump station.
